

DEEPER TALKS

SURF SEMINAR SERIES

Monthly science talks providing a platform for researchers to discuss their work, share insights, and foster interdisciplinary connections

Hosted by

THE INSTITUTE
FOR UNDERGROUND SCIENCE
AT SURF

SPEAKER:

DR. JOSE ALONSO

LABORATORY DIRECTOR EMERITUS
SANFORD UNDERGROUND RESEARCH FACILITY

UPCOMING TALK

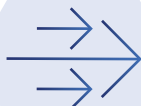

OCT 8, 2025 • 9AM MT
IN-PERSON & VIRTUAL

HOMESTAKE TO SURF: THE EARLY DAYS & THINKING BEYOND DUNE

Dr. Jose Alonso, SURF's first Lab Director, will share stories from reopening the Homestake gold mine and launching the lab, then look ahead to new facilities and projects that will position SURF as a world leader in neutrino research, including the proposed Theia detector and advanced accelerator initiatives.

In-person Address:

Sanford Lab Homestake Visitor Center
160 W. Main St., Lead, SD, 57754
